

## MT815X

### CLAMP

#### FIELD OF USE:

Clamp for medium voltage installations.

#### CHARACTERISTICS:

Test current : 30 kA / 1s.

- Body and jaw made of aluminium.
- Screw made of copper aluminium alloy.
- Internal diameter of the manoeuvring end fitting ring: 25 mm.
- Earth cable connection for crimped lug by hole  $\varnothing$  13 mm on clamp.
- Clamping capacity: round or flat from 5 to 40 mm.
- Dimensions : 44 x 125 x 180 mm.
- Weight: 0,6 kg.

| Ref      | ICC (kA/1s) | Capacity   |
|----------|-------------|--|
| MT-815-S | 30          | rounds from 5 to 35 mm. Flats from 5 to 16 mm. Thick and 40 mm wide. |
